Kitchen and Rubbish Chutes

Shared kitchenettes are available on every floor.

To prevent cookware from burning and, in extreme cases, the fire alarm from being triggered or the fire brigade from having to attend, **please do not leave food unattended while cooking**.

As the kitchenettes are shared spaces, please help keep them clean and tidy, especially after preparing meals. Everyone deserves a comfortable environment in which to cook.

Please report any faults with the hobs or sinks to the reception staff immediately.

Kitchen bins are intended for **BIO waste only**. Please do not dispose of any other types of waste in them.

As the chutes are relatively narrow and can easily become blocked, please **do not dispose of oversized items**, such as pizza boxes, **through them**. We also recommend using 30-litre bin bags, which fit more easily into the chute system.
